Order some hand-painted notecards!

Recently, I received an email from an old friend whose husband had become an officer in our local Rotary Club. She wanted to give him a special gift for his birthday and so asked me to paint a set of notecards for him with several personalized statements about Rotary in the official blue and yellow Rotary colors. I was happy to oblige.

If you'd like some hand-painted notecards with your name on them or if you would like to include any other special statement on the cards, such as *Thank you* or *Thinking of you*, please contact me at Suzette@SuzetteBoulais.com.
