## How much do I love thee? Let me explain the ways.

Recently my friend Carol Pitcher asked me to design a notecard that artistically befit the expression, "To the the ends of the earth..."

According to Carol she wanted a special and unique way to show her love and support. For example, when Carol describes the over-the-moon love she has for her granddaughter, she explains it's "to the ends of the earth..."

After showing Carol several sample designs, she selected this concept to the right.

If you have a special quote you'd like me to include on a set of one-of-a-kind notecards, email me at [Suzette@SuzetteBoulais.com](mailto:Suzette@SuzetteBoulais.com).

## To the ends of the earth...

### What God Hath Promised

God hath not promised  
skies always blue  
Flower-strewn pathways  
all our lives through.  
God hath not promised  
sun without rain,  
Joy without sorrow,  
peace without pain.

But God hath promised  
strength for the day,  
Rest for the laborer,  
light on the way;  
Grace for the trial,  
help from above,  
Unfailing sympathy,  
Undying love.

"Upon Discovery"

One of the joys of dabbling with art is the opportunity to give your art away. Here is a piece of art called, "**Upon Discovery**" that I gave to a board member who recently resigned from the non-profit organization for which I work.

A bookmarker idea: Print this enewsletter and cut out this poem, **What God Hath Promised**, with an image of my painting, "*Mountain of Happiness*" in the background.
