# Suzette explains love of using circles in artwork

Several individuals have asked me why I have such a fascination with circles and why so many circles make their way into my paintings.

Here's my answer: To me, the circle is the simplest, most beautiful, most powerful, and most symbolic shape in the entire universe. In my art, the circle represents the sun, the moon, unity and wholeness. And spiritually the circle also represents the host, the Sonship of all mankind.

You will see all types of circles in my Circles of Light art exhibit that will be held on the second floor mezzanine of the Foster Gallery of Art at the United Methodist Church, 116 NE Perry in Peoria, Illinois, on **Friday, May 4 from 5 PM - 8:30 PM**, where I'll be available for a Meet and Greet with the public. The church has free parking across the street to make it easy for you to drop by. Do plan to stop by. I'll be delighted to see you!

## Looking for a logo?

Looking for a new logo for your business, group, or organization? How about a remake of your existing logo with a fresh, new approach?

As a logo designer, I would be happy to either create a new logo like I did for Eagle Image or update an outdated logo. Contact me at [suzette@suzetteboulais.com](mailto:suzette@suzetteboulais.com).

## "Bouncing Balls" on special this month

As a fan of the handwritten note, I've created my own HeartART notecard line that you'll find on my website at [SuzetteBoulais.com](http://SuzetteBoulais.com).

I offer a wide variety of one-of-a-kind, hand-painted designs and selected prints of my paintings.

Throughout April, I'm offering a notecard special on my Bouncing Ball series. Instead of offering ten

cards per set for \$26.95, I'm offering a dozen cards per set. That's a good deal, getting two free extra notecards!

To order your notecards, contact me at [suzette@suzetteboulais.com](mailto:suzette@suzetteboulais.com).
